

Leasing
Report

Founders Message

Thank you for choosing AgentLink to assist with your investment property.

We're pleased to provide you with your leasing report, which offers valuable insights to help you select the right real estate agency for your needs.

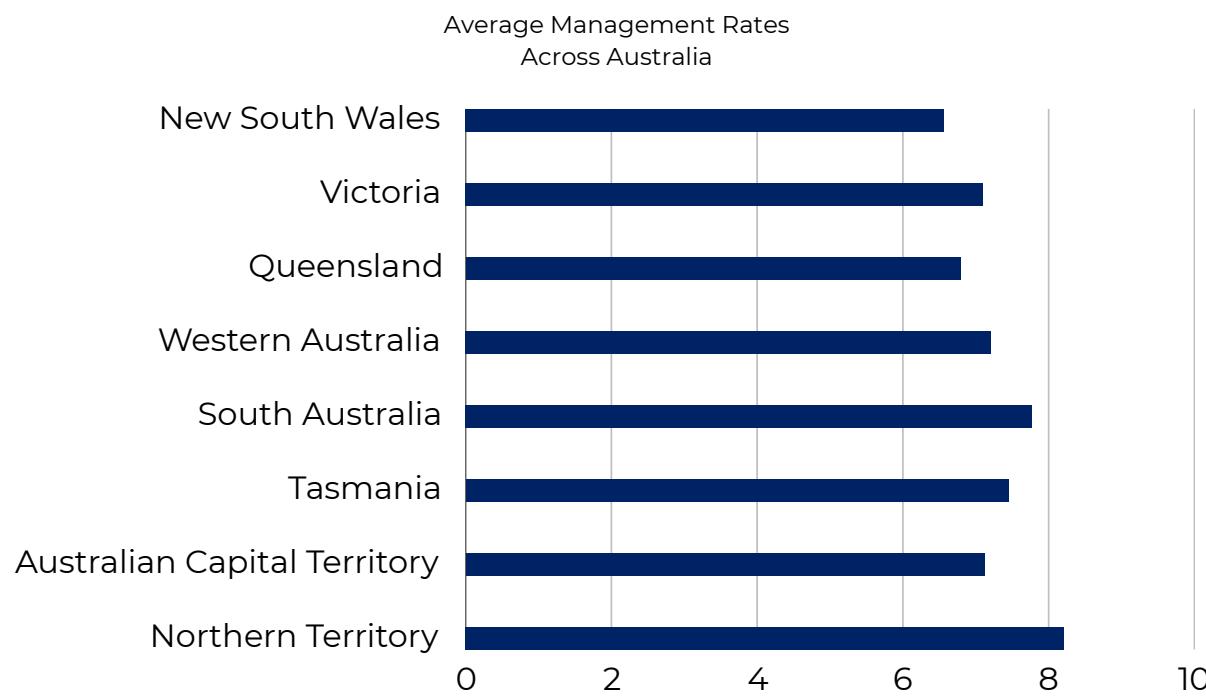

I founded AgentLink because I was tired of seeing property owners making uninformed decisions regarding their property. AgentLink's goal is to bring clarity to the property process by ensuring sellers like you have access to independent advice and expert support.

Callum Docker, AgentLink Director

General Property Management Rate Information

AgentLink Advantage

AgentLink empowers homeowners to better negotiate management rates with agents, given our unique relationship with agents we are able to secure information regarding management rates which assist you in ensuring you are not paying too much.

We provide a similar service for selling. Feel free to enquire regarding sale rates for your property.

*Based on Nov 2024 statistics

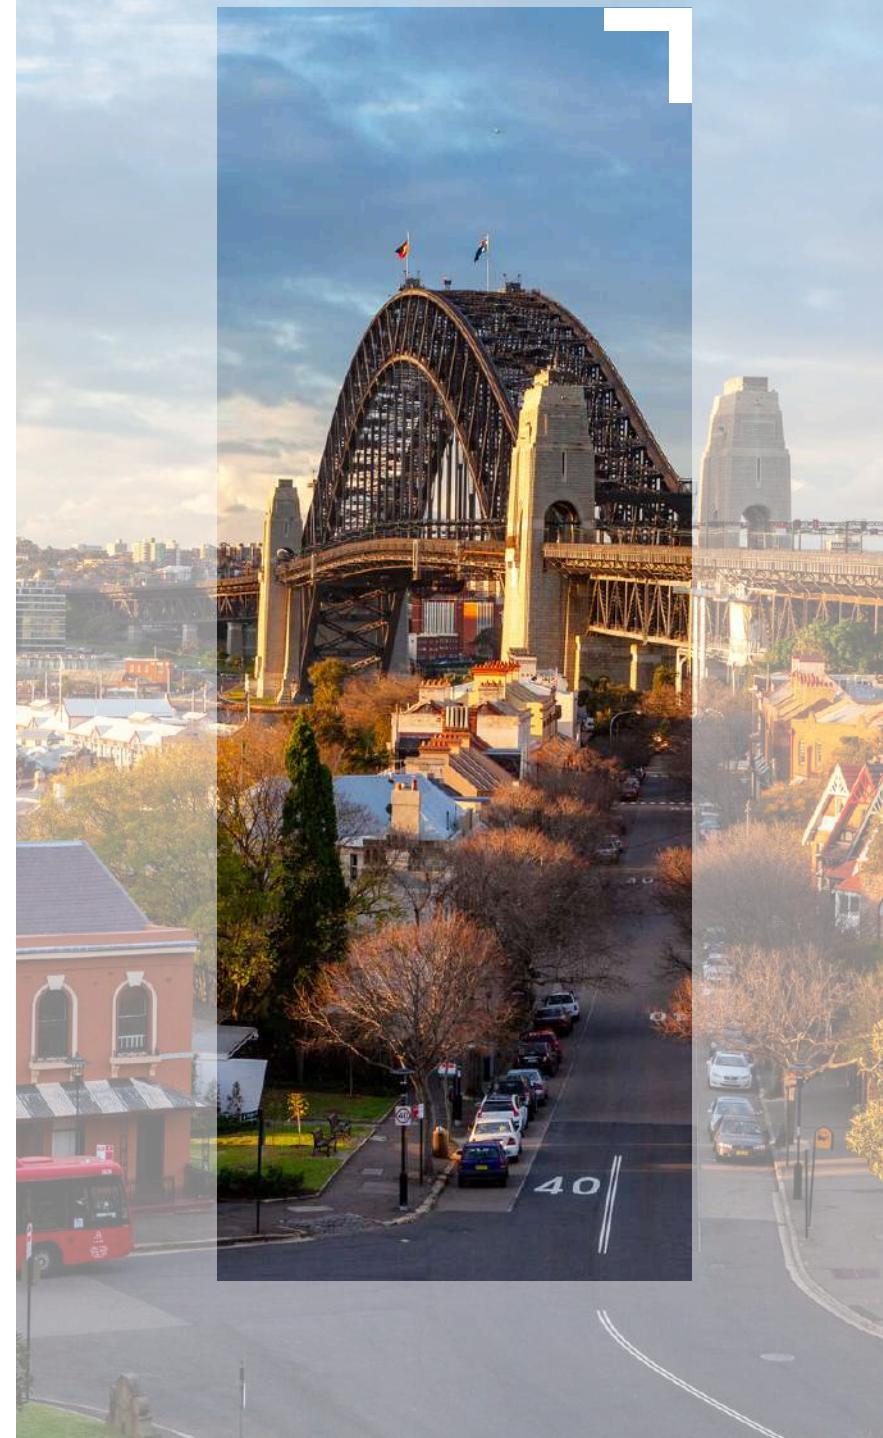

AgentLink Promise

Is this an unbiased service?

AgentLink provides information for up to 5 local agents/agencies in each suburb. This information is passed on without alteration and reflects real data and results. Only top agents/agencies within your suburb are eligible to be on AgentLinks agent report. You may see a featured agency; the featured agency in each suburb is selected using strict criteria and they do pay AgentLink a small retainer for this privilege.

Why is this service free?

When an agency successfully leases a property from AgentLink's directory the agency may pay AgentLink a referral fee of 1 weeks letting fee. This allows us to provide our services to homeowners entirely free of charge.

“Highly recommend!”

“We had the option of several agents to choose from, but AgentLink helped us narrow it down and pick the right one. They interviewed all the agents on our behalf and gave us honest, clear recommendations. The best part was that everything was done remotely, which saved so much time and effort. Their support throughout the process was also fantastic. Highly recommend!”
